# Highlights

## Skin Zone Timer

The face can be divided into three zones: T-zone, left cheek and right cheek. Philips PureRadiance suggests to change face skin area after 20 seconds with a short pause. The full program lasts 1 minute after which Philips PureRadiance automatically switches off after to prevent overtreatment.

## Waterproof

Philips PureRadiance is waterproof and can be easily used in the shower.

## Charging Stand

The stand elegantly complements the iconic design of Philips PureRadiance. It holds the brush, taking less space and letting air naturally dry the used brush. When connected it fully charges Philips VisaPure in 6 hours

## Rechargeable

When fully charged, Philips PureRadiance has cordless power for 30 uses, equivalent to 15 days when used twice per day

## Available brushes

Philips PureRadiance comes with two brush heads: one for normal skin for everyday use and

an exfoliating brush to gently remove dull and dead skin cells for weekly use. A sensitive skin brush for daily use is available separately.

## Dual Motion

The brush rotates and vibrates. The vertical pulsating movement gently breaks up surface impurities including dirt, dead skin cells and make-up residues. The rotating movement sweeps the impurities away, leaving the skin more deeply cleansed. The coordinated movements of the bristles give you a thorough and comfortable cleansing experience.
